

## CODE OF CONDUCT

The following are the expectations that need to be followed:

- **Please ensure that your child is present and on time to all practices and games. Practice is just as important as the game. It is in practice that your child receives all of the necessary training to properly play the game. If practice or game will be missed, please notify the coach.**
- It is the parent's responsibility to make sure players arrive to practices and games.
- If a ride can't be provided by family or other team members, coaches should be contacted to try to make arrangement for a ride to practice or game.
- Please make sure your child is prepared with proper attire.
- At no time will a parent be allowed at the coach's bench during a game unless it is a medical emergency or at the coach's request.
- Obey all rules established by your home program and those you visit.
- If you have any questions or concerns, please contact TTYC and/or attend a monthly meeting where your participation will be welcomed.

## SPORTSMANSHIP

- Remember that while everyone enjoys winning the players need to win respectfully and need to lose respectfully. Respect the game, the coach, the officials, your child's teammates and opponents.
- Improper behavior will be addressed with fair and appropriate discipline.
- Making the commitment to play on a team is your responsibility. Always bring your "Team Spirit" to practices and games.
- Always respect the officials and their authority during a game and never question, discuss or confront coaches at the game.

We understand that people are extremely busy however, being part of a team is commitment. Although we can't guarantee practice time to accommodate all, we will do our best. Once teams are made, changes to rosters will not be made! We will be using the Game Changer app for communication and the game and practice schedules. Once teams have been made you will be contacted by your coach.
